KUZEY KONAKZADE

FASHION HOUSE AND JEWELLERY BOUTIQUE

SSL and Security Policy

www.kuzeykaa.com, as a digital portfolio and online shopping platform, offers customers a secure and easy shopping experience. Until your order is delivered by the shipping company, it is under the responsibility and assurance of the site and business manager **Kuzey Ümit Kargin**.

Shopping Security

www.kuzeykaa.com is protected by the **256-bit SSL (Secure Sockets Layer) Protocol**. SSL is an international security standard that ensures secure data flow in electronic transactions. With this protocol, the credit card information you enter during your shopping is encrypted independently of **www.kuzeykaa.com** and securely transmitted to the bank's Virtual POS system where the payment is processed. Additionally, the SSL Protocol verifies that the site you are visiting is not a fake version and that you are on a trusted platform. Please note that when you enter your credit card information, the page's address will change from **HTTP to HTTPS**, and you can click on the lock icon at the bottom of your browser to view the **SSL certificate**.

For more detailed information about SSL, you can visit **ssl.com**

Your Card Information is Safe

When shopping on **www.kuzeykaa.com**, **your credit card information cannot be viewed by site administrators**. The payment process is completed directly through the bank's Virtual POS system. This ensures that your card information cannot be accessed or viewed by third parties.

Additional Security Measures

For the first transaction made with a specific credit card, to ensure extra security, the bank's **Fraud Security Department** will contact you to verify that the credit card is truly being used by the cardholder. If necessary, the bank or **www.kuzeykaa.com** representatives may contact the cardholder by phone to confirm the order. This procedure is a standard measure required by the banking sector to increase security and ensure a smoother shopping experience for our customers.

At **www.kuzeykaa.com**, we are committed to providing the highest security standards for your shopping experience.
